The fully enclosed alfresco area is also the perfect space for BBQing and entertaining family and friends. Simply select your favourite play list on Spotify, chill the prosecco, toss a fresh salad together, marinate the meat and seafood and enjoy your own private coastal oasis.

With coastal living comes the toys to enjoy it. With a separate 7.5m x 9m shed there is plenty of space for the pool toys, kayaks and pushbikes. The shed could also make the perfect hobby space or workshop, with plenty of room to explore your creative side.

The massive 21m x 3.5m high caraport provides the perfect space for parking the caravan, motorhome or boat.

For those that hate the rising cost of electricity this property has a 10 kw Solar System boasting 49 individually isolated solar panels - 9 of which are dedicated to the pool - and the rest directly power the house (the system can also be monitored via your computer/smartphone). Whatever energy the house doesn't use through the day charges the deep cycle battery system, instead of feeding back into the grid, saving you money on electricity.

For the green thumbs the nursery, potting room and vegetable garden offer a haven for weekend garden pottering.
