required. More than handy for those fastidious buyers that have been left disappointed by all those homes that are one room short of an acceptable property currently on the market.

Be prepared to fall in love with the parents suite, boasting a more than generously sized room, the dream of an en-suite includes an oversized corner bath, huge double shower, 'getting ready for a wedding' sized vanity, separate toilet and as expected, a large walk through robe.

Two more double bedrooms are located at the other end of the home near the main bathroom, while the fourth bedroom is currently in use as a home office.

Outside there is ample yard for the kids and family pet, fully fenced with loads of room to pop a pool in, kick a footy, throw the arm over in a game of backyard cricket or even dust off the pitching wedge - it's the perfect aussie backyard. Low maintenance gardens border the yard and create a relaxing, very private and tropical feel.

An 8 x 12 metre powered shed, (offering 3 phase and 15 Amp) should please the most serious of handymen. Measuring 3.6 metres in height I'm sure there's no problem with the biggest of caravans calling a small portion of it home.

Power bills are a thing of the past, a whopping 6 kilowatts of solar will make you money. No concern over water either, 66,000 litres of H2O is stored in underground tanks beneath the shed.

Above is just a glimpse of what this home has to offer. Arrange an inspection to appreciate the value of this fantastic family home, situated close enough to be convenient but far enough to feel like your very own retreat from the world. Call Wes to organise your inspection today, this property is on the market to sell, not sit. Floor plan available on request.
