CHIC BUDERIM 'SKYHOUSE' WITH OCEAN VIEWS

The creative, can do and imaginative builders who completed "Ladera on Buderim" in 2014 had ideas that kept developers and buyers on high alert during the lengthy construction. The exclusive skyhome designs were the talk of the town and 6 years on the sublime, large scale townhouse remains a stunning achievement in design excellence and lifestyle. Tucked away in a secure and private gated allotment the boutique development is the beneficiary of uninterrupted ocean and skyline views that will never be built out. The size of the townhouse offers nearly 300sqm on plan and is large enough for those who are not ready to be crammed into a unit, yet cleverly designed to ensure it is small enough to manage.

Skyhouse four features a unique leafy green backyard flowing on from the timber decked entertaining area. This space is generous in size and provides room to move without having too much grass to maintain.

Each townhouse has its own personal lift within the apartment which operates from your private double garage and delivers you to levels 2 and 3. In summary it is the best of both worlds, providing space in abundance, style in inspiration, and a real estate package that is truly unique.
