Twice the size of the average living space sets the tone for this beautiful home - one in which is zoned perfectly for separate living areas.

The success of this design is the fact that the kids and parents can have their own living zones at either ends of the home.

The alfresco area flows effortlessly off from the living area providing your very own oasis to relax. With ample room for family gatherings, it creates the perfect atmosphere for loved ones to gather whilst the kids play in the fully secure yard.
